Projects- Food Delivery Website (Academic Project)

Experience

Management Trainee (US Support) – Lancesoft | May 2025 – Sep 2025

- Collected and analyzed workforce and staffing data to support decision-making, identifying trends in recruitment metrics and candidate pipelines.
- Created reports and dashboards while collaborating with cross-functional teams to improve staffing efficiency and workforce planning.

Associate (Customer Support) - Tech Mahindra | Apr 2024 – Apr 2025

- Analyzed large volumes of support tickets to identify recurring technical issues, performing root cause analysis to improve resolution efficiency.
- Prepared reports, maintained documentation (SOPs/FAQs), and used data insights to improve processes and enhance user experience.

Education:

Banki Autonomous College, Cuttack| Bachelor Degree in Computer Science | Aug 2020 – Jul 2023
